

IDEXX Telemedicine Consultants

Specialty Services

Dental

Celeste Roy, DVM, DAVDC

Dr. Roy grew up in the San Francisco Bay Area and Sonoma wine country. She earned her BS in biology from the University of California, Santa Barbara, and her DVM degree from the University of California, Davis. After a 1-year rotating internship in the desert of Tucson, Arizona, she completed a 3-year residency at University of California, Davis, earning her board certification in veterinary dentistry and oral surgery in 2006. Dr. Roy established the first dentistry and oral surgery service in Tucson at the Veterinary Specialty Center of Tucson in March of 2006. She is married to another IDEXX team member, radiologist Dr. Michael Roy, and both are interested in coccidioidomycosis. They both enjoy world travel, hiking, working out, and spending time with their two chow chows, Nublet and Placebo, who enjoy ruling the house.

Dermatology

Terri Bonenberger, DVM, DACVD

Dr. Bonenberger is a graduate of Texas A&M University College of Veterinary Medicine and completed a 2-year residency and 1-year clinical fellowship in dermatology at the University of California, Davis. She became a diplomate of the American College of Veterinary Dermatology in 2000. Since completing her residency, she has practiced full-time as a clinical dermatologist in private practice in Houston, New York City, and now Charleston, South Carolina. She has authored numerous articles on small-animal dermatology and gives lectures both nationally and internationally. Dr. Bonenberger has a special interest in dermatopathology. When not working, you will likely find her at the beach with her family and dogs.

Dermatology

Ryan S. De Voe, DVM, MSpVM, DACZM, DABVP (Avian), DABVP (Reptile/Amphibian)

Dr. De Voe graduated from Oregon State University in 1999 and then completed an internship in exotic animal medicine at the University of Georgia and a residency in zoological medicine at North Carolina State University. He is currently the senior veterinarian at the North Carolina Zoological Park in Asheboro and the contract veterinarian for the Greensboro Science Center. He is also an adjunct professor at North Carolina State University College of Veterinary Medicine and a primary mentor for the zoological medicine residency program. He is a longtime herpetoculturist and an artist, musician, and strength athlete. His busy life is completed by his wonderful wife and two beautiful daughters.

Exotic *(continued)*

Stephen J. Divers, BVetMed, DZooMed, DECZM (Herp), DACZM, FRCVS

Dr. Divers graduated from the Royal Veterinary College in London in 1994 and earned his degree in zoological medicine from the Royal College of Veterinary Surgeons (RCVS). He is a diplomate of both the American and European colleges of zoological medicine, a European veterinary specialist in zoological medicine (zoo health management), and an international Fulbright specialist in zoological medicine. He was voted Exotic DVM of the Year in 2006. He heads the Zoological Medicine Service and supervises the ACZM zoological residency program at the College of Veterinary Medicine, University of Georgia, and has published and lectured extensively on exotic medicine.

Olivia Petritz, DVM, DACZM

Dr. Petritz received her veterinary degree from Purdue University and went on to complete both a small-animal rotating internship and an exotic-animal/zoo internship. She then completed an American College of Zoological Medicine residency in zoological companion animal medicine and surgery at the University of California, Davis. She became a diplomate of the American College of Zoological Medicine in 2013 and founded an avian and exotics service at a large specialty hospital in Los Angeles. She is currently an assistant professor of avian and exotic animal medicine at North Carolina State University College of Veterinary Medicine, where she enjoys teaching the next generation of veterinarians. While not at work, she loves to travel and spend time with her growing family, which includes her husband, two children, two dogs, a cat, and a guinea pig.

Izidora Sladakovic, BVSc (Hons I), MVS, DACZM**Internal Medicine)****Michael F. Di Cicco, DVM, DACVIM (SAIM)**

Dr. Di Cicco received his veterinary degree from the University of Illinois College of Veterinary Medicine. He completed a rotating internship at Cornell University and then a 3-year residency in internal medicine from North Carolina State. When off duty, he enjoys riding his road or mountain bike, hiking, and spending time with his wife and daughter. He currently lives and works in Atlanta, Georgia.

Rita Miller, DVM, MS, DACVIM (SAIM)

Dr. Miller received her DVM degree from the University of Minnesota in 1994. She then completed an internship at the Ontario Veterinary College and a residency at The Ohio State University. She has a part-time faculty appointment at the University of Minnesota as well as a mobile ultrasound and internal medicine consulting practice. She lives in Winona, Minnesota, with her husband and three children.

Laura Riordan, DVM, DACVIM (SAIM)

Dr. Riordan received her undergraduate degree from Duke University and her veterinary degree from the University of Illinois. After completion of her rotating small-animal medicine and surgery internship at Florida Veterinary Specialists in Tampa, she moved

on to a small-animal internal medicine residency at the University of Florida. She achieved board certification in 2006 and worked for 5 years at a private practice in San Diego. She relocated to southwest Florida in 2011 where she lives with her husband who is also a veterinarian, her two boys, and two dogs (a golden retriever and a terrier). When she is not busy watching or coaching her boys' soccer teams, she enjoys road biking, baking, and trips to the beach with her family.

Nancy A. Sanders, DVM, DACVIM, DACVECC

Dr. Sanders received her veterinary degree from The Ohio State University in 1991. She then completed an internship and internal medicine residency at the University of Pennsylvania. Following her residency, Dr. Sanders remained on staff at the University of Pennsylvania for several years before venturing out into private practice in New Jersey and then Maryland. While in practice in New Jersey, she completed a residency in emergency and critical care medicine. She is board certified in both small-animal internal medicine and emergency and critical care medicine. She worked in academia, in industry, for the NIH, and in private practice over the 15 years prior to joining IDEXX in 2012.
